

## The Spymaster

With this novel, the author of *Inquest* and *Executive Action* has managed fiction-created-from-fact that transcends and informs fact--an electrifying saga of a remarkable mans public and private lives that is perhaps to the secret world of spydrom what *The Godfather* was to oragnized crime. The *Spymaster* is Vivian T. Prescott, an American golden boy out of Yales holy-of-holies. Skull and Bones, chum of Jack Kennedy, athlete, lover, son of FDRs confidant...then with Wild Bill Donovans World War II OSS, going up against Heydrich andeven Hitler...Cold War go-between to masterspy Gehlen...nemesis of J. Edgar Hoover...and finally Director of Central Intelligence. His life and career encompass the mole Kim Philby, the Rosenbergs, the U-2 crisis and the Bay of Pigs...a story that projects who really plotted the Kennedy and King assassinations, and what JFK would have done about the CIA and the Vietnam war had he lived. It dramatically poses who was in truth running the secret government in the United States--a CIA faction that infiltrated Nixons reelection committee, and went out of control behind the chaos of Watergate, almost tearing the country asunder...more intrigues than one ever suspected--with Kissinger, the coverups, the tapes, the tricks, the FBI... Vivian Prescott, *Spymaster*, was also a man whose desire for one woman shrouded a profound and secret grief for another, and whose life, like his countrys, was a torrent of surprise, betrayal and heroic promise. From Boson Books comes this epic story of the shocking secret America behind and beyond the facts as reported in the last 35 years. *THE China Card* by Donald Freed is also available from Boson Books.
