

## U.S. Presidents - Abraham Lincoln.

Lincoln was the 16th President of the United States, one of Americas greatest leaders, and his presidency was dominated by the American Civil War. Born in Kentucky, and brought-up in Indiana and Illinois, his parents were poor, and Lincoln was largely self-educated. He qualified as a lawyer, was elected to the Illinois State Legislature, and in 1846, was elected to Congress. In 1856, he helped to organised the new Republican Party, and in 1860, he was chosen to run as their presidential candidate. His victory provoked a crisis, with many southerners fearing that he would attempt to abolish slavery in the South. Prior to his election, seven southern states had already left the Union to form the Confederate States of America. With Lincolns victory, four more states joined them. Lincoln however vowed to preserve the Union even at the cost of a civil war. This 6,100 word study covers the life and the presidency of Abraham Lincoln.
